LAHTI MANUAL FOR THE TEAMS -> [DOWNLOAD](#)

Lahti INFO

Lahti is a city of 120,000 residents and a centre for a region of 200,000 people. It has the best of both worlds: the attractiveness, intimate cosiness and originality of a small town, yet the services, efficiency and logistics of a major city.

The or-ga-ni-sa-tion of the Ci-ty of Lah-ti

The City of Lahti employs around 3,400 employees in three different service areas. The Mayor of Lahti is Pekka Timonen.

Education and Culture service area

The Education and Culture service area is responsible for organising teaching, education, sports and culture services as well as the regional development of educational and cultural services.

Urban Environment service area

The Urban Environment service area is responsible for land use and regional projects, municipal engineering as well as construction and environmental supervision. The service area supports the growth of the city and the development of its areas – the goal is an attractive and lively environmental city.

The Urban Environment service area also engages in regional collaboration. It is in charge of arranging public transport in the Päijät-Häme municipalities as well as official duties related to waste management.

Central Administration

The Central Administration consists of Group Services, the responsibility area of Competence and Economic Development Services, the responsibility area of social inclusion and well-being, external audit, internal audit and the Premises Centre balance sheet entity.

City Organisation

The Lahti City Corporate Group consists of about 60 businesses, communities, local authorities and foundations. The Group employs more than 10,000 people.

Departure of the teams

Team service facilities / waxing / dressing rooms / Info center

Address: Suurmäenkatu 4, 15900 Lahti, Finland

Team service facilities are located beneath/next to the HS130 hill close to both team area and Info Center. Each team is provided a waxing cabin with lockable doors in containers. Info Center will provide keys and information on your waxing facilities.

Team parking is located at the field next to the service area.

During training and competitions, the competitors have to go back to the hill by chair lift.

During competitions the competitors must come to the athletes' lounge without delay after the first round, so that second round can start as scheduled. The jumping order for the second round can be seen at the athletes' lounge. The break between first and final round is about 15 minutes.

During competitions only members of the Jury have access inside the judges tower. For others, entry is strictly prohibited.

There will be a snack point at hill area for the teams. No lunch is served at the stadium, because all teams have full board service at Pajulahti.

Transportations

Official airport: Helsinki-Vantaa Airport

LOC Lahti will arrange transportation between the airport and the hotel at Pajulahti.

The meeting point of transportation office at the airport is located in the (Terminal 1) T1 Arrivals Hall, 1st floor.

Shuttle bus service is organized for the teams between Pajulahti and Lahti Sport Centre. Buses will drive directly to the service areas.

Shuttle buses will run from 20.3.–25.3.2022. We kindly ask you to use shuttle buses.

Daily timetables with the departures from hotel can be seen in our webpages and the Pajulahti, at the team host office and at the competition office.

If competition is delayed or postponed, the shuttle bus timetable will be adjusted accordingly. In order to ensure your free bus ride, please, have your accreditation vest/card with you. In all transportation matters please contact the transportation office or team host office.

If there are teams/officials in city center hotels, shuttle service is not available due to close vicinity of the venue (700 meters).
